Dear Zack,

Your presentation was outstanding!

Thanks so much for coming and reminding us of our mission to give hope and to inspire others. That night the people there and I heard another message as well. We were inspired to do more by you. Seeing you live the gifts that you were given as you said, "I have a G-d given gift to inspire others." Has encouraged us to review our 'G-d given gifts' and to use them to help others as well.

Please find your check for the speaking fee enclosed.

Thank you again and may you continue to reach out and raise the spirits of others, as our teacher Moshe said to Yehoshua many times; Chazak Veamatz.

Yours truly,

Eliezer Schwadron
